

Adding Pop-up Blocker Exceptions

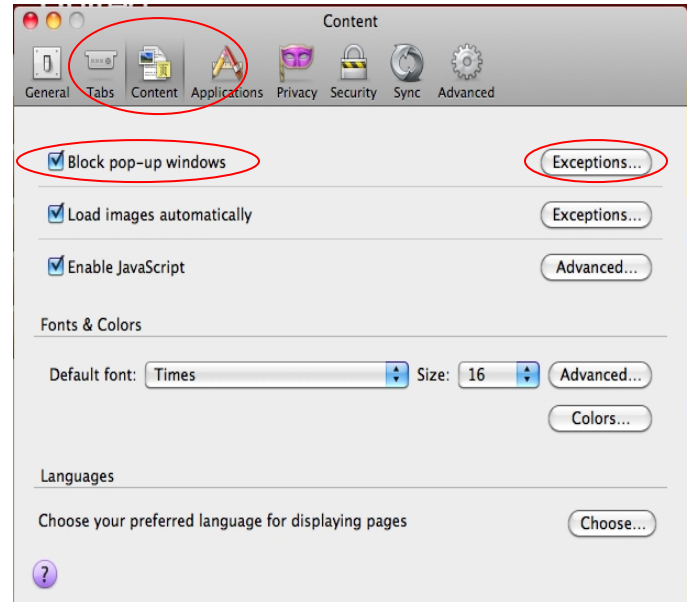

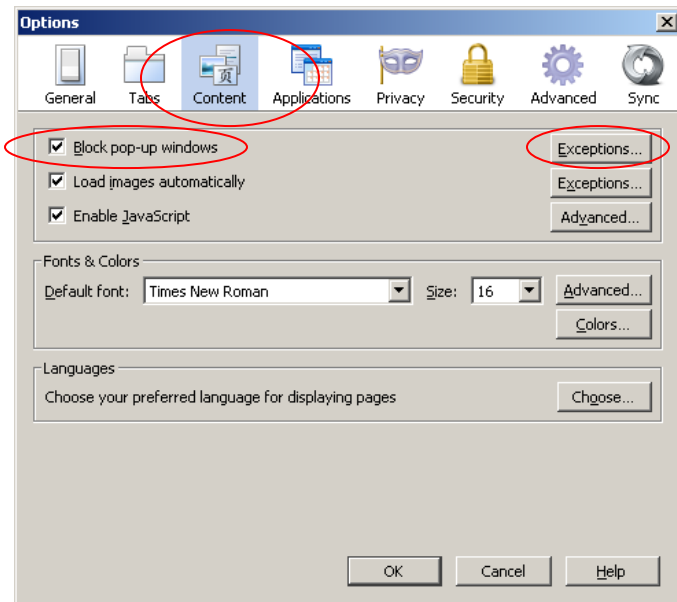

Firefox 4 - Newer

(Windows and Mac OS X)

1. Click on **Firefox** on the upper left select **Options** (Windows) or **Preferences** (Mac)

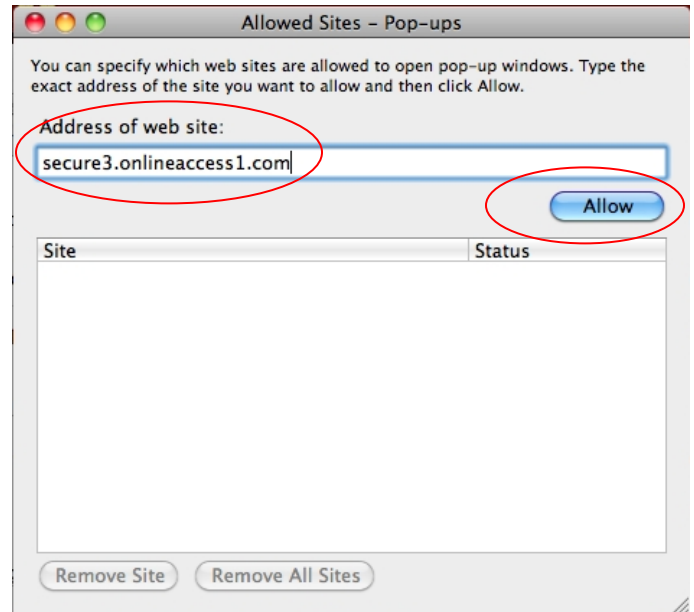

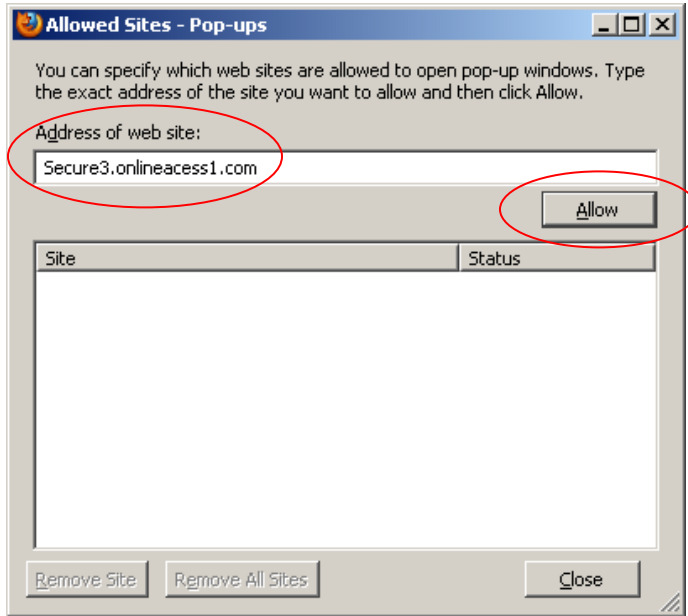

2. Click on the **Content** tab. Verify the checkbox to the left of **Block pop-up windows** is selected.
3. Click on the **Exceptions** button to the right of **Block pop-up windows**

Adding Pop-up Blocker Exceptions

4. In the **Allowed Sites – Pop-ups** dialog box type **secure3.unitedfcu.com** in the **Address of web site** field and click on **Allow**

5. Repeat step 4, adding **statements.unitedfcu.com**
6. Once both exceptions are showing in the sites box click on the **Close** button (Windows) or the **red X** (Mac)
