

Internet Explorer — Adding third party cookie exceptions

These settings are to be used if you are using custom settings that do not allow third party cookies.

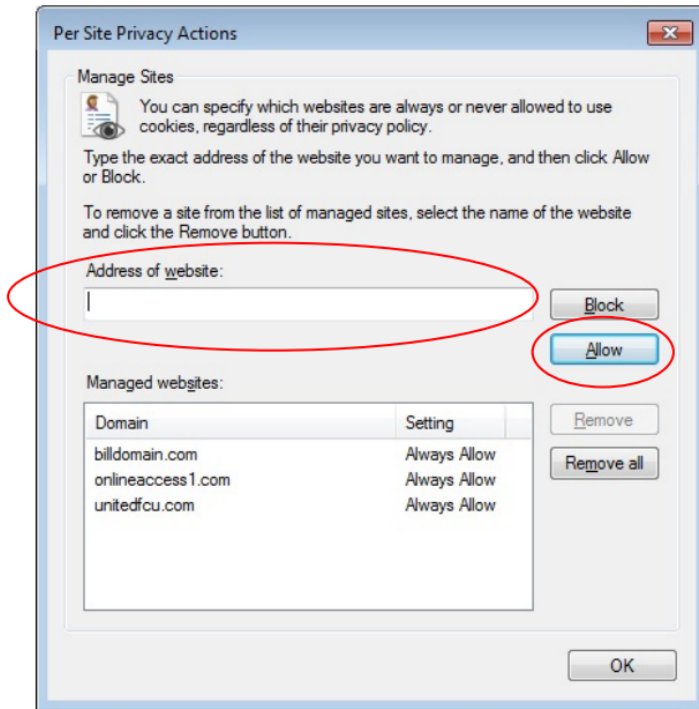

1. Click on the **Gear** icon on the upper right side and select **Internet Options**.

2. Select the **Privacy** tab within the Internet Options window.
3. Click on the **Sites** button located under Settings.

4. In the **Per Site Privacy Actions** dialog box type **secure3.onlineaccess1.com** in the **Address of website** field and click **Allow**.

5. Repeat step 4, adding **q2.billdomain.com**
6. Repeat step 4, adding **statements.unitedfcu.com**
7. Once all exceptions have been added and are showing in the managed website field, click **OK**.
